WINE

Wine down in Stellenbosch, the country’s largest and oldest wine route. The Stellenbosch Wine Route is one of the biggest attractions in the country and for good reason.

As South Africa’s leading wine destination, Stellenbosch is home to hundreds of farms producing wines of origin Stellenbosch. Discover and explore the many wine farms and estates where both connoisseurs and novice wine drinkers can enjoy award-winning wines and savour the beauty of the iconic Cape Winelands.

Our diversity of wine offerings pairs perfectly with some of the country’s finest restaurants and cafes. You’ll find tasting rooms with a view and distilleries, many of which offer remarkable architecture and design experiences along the side, on our wine route that offer one-of-a-kind pairing experiences.

For more ideas and itinerary inspiration, go to VISIT STELLENBOSCH / PLAN YOUR VISIT.
Stellenbosch Wine Routes is one of the top six tourist destinations in the Western Cape. This world-class route has been divided into five sub-routes to make for easier exploring. These sub-routes are based on physical location and have no relation to the Wine of Origin system or any areas within the Stellenbosch region.

The sub-routes include the Greater Simonsberg, Stellenbosch Berg, Helderberg, Stellenbosch Valley and Bottelary Hills.

There are over 100 wine cellar doors and tasting experiences along the route, many of them boasting historical farms with beautiful Cape Dutch manor houses, gardens, hotels and fine-dining restaurants.

The Stellenbosch Wine Route is the oldest in South Africa. World-class wines have been produced here since 1971 and have contributed to creating an international profile for this Boland university town.
We gladly share the following guidelines and tips with you to ensure that your visit will be enjoyable and memorable. These are guidelines only. Each cellar has its own system of operation.

Where to start

Use Stellenbosch Wine Routes, the Perfect Pairing, as a reference to define the activities you wish to experience. Stellenbosch Wine Routes has so much to offer, so have a look at our handy guide detailing all the different experiences and tastings available.

Decide which cellar you wish to visit first.

You will need at least one hour for each farm visit.

Allow for approx. 20 minutes traveling time between stops. This is the average travel time for farms in the same region.

Try to join a cellar tour (normally available in the mornings). You will find it most informative, entertaining and interesting. Cellar tours during harvest time in particular give you the opportunity to see how grapes are processed in the cellar. February is peak harvest time.

Consult the Stellenbosch Wine Routes map.

Decide where you want to enjoy lunch. We suggest you arrive at your lunch venue between 12:30 and 14:00 as many kitchens close at 15:00.

Arrive at your last cellar at least one hour before closing time to ensure you can still taste their wines.

Avoid wearing heavy fragrances as this can interfere with the tasting experience.

Many wineries are family friendly and can offer tastings for children or play areas and children’s activities.

To fully enjoy your wine routes experience, arrange a dedicated designated driver or private shuttle, guide and a private tour, join a tour group or jump on the hop-on-hop-off service.
Drinking and driving is a serious offence, so be sure to appoint a designated driver or better still, book a guide, driver, or go on an organised wine tour. There are many different options available, such as joining a group to explore the wine farms and enjoy tastings, taking the hop-on-hop off service or booking a personal guide for an exclusive tour.

For guests who would like to make the most of their visit to Stellenbosch and surrounds, there’s a diversity of wine tour operators to ensure you can explore our warm-hearted town and wine routes, safely and easily without missing a beat.

I'm here, what now

Expect to pay a tasting fee at most wineries.

Most wineries offer different tasting options. Ask the tasting room assistant for guidance.

Taste dry white wines first, proceed to red wines and sample sweeter wines last. Sparkling wines and Cap Classiques can be enjoyed between wine types to clean your palate.

The tasting order will allow your palate to progress naturally.

Do not swallow all the wines you've tasted! Spittoons are provided.

Smoking is not allowed in tasting rooms and some wineries are totally smoke free zones.

Some wineries may serve you at tables and others may only serve at the tasting counter. Ask your tasting room assistant.

How to purchase wine

Most cellars allow you to buy mixed cases of wine.

Wine can be delivered to your door on request.

Ask the tasting room assistant for delivery options.

Some cellars offer fragile packaging, especially when shipping overseas.

Wine is the perfect gift, for yourselves or loved ones, to remember our region.
